A resolution of the City Council of the City of Arma, KS, to impose a surcharge on electric rates.

Be it resolved by the Governing Body of the City of Arma, KS:

1. The City of Arma along with other cities in the State of Kansas find it necessary, appropriate and in the best interest of the citizen of Arma, KS, and the State of Kansas to contest the unfair and self serving contract for electric services as proposed by Westar Energy to the City of Arma, KS.

2. To successfully contest the contract as proposed, the City of Arma, KS, must hire, consult with and utilize attorneys and experts familiar with and usually engaged in utility rate cases and contracts.

4. The City also recognizes additional costs will be incurred for electric usage in the immediate future.

5. The Governing Body believes a surcharge on the electric usage is the most reasonable method to pay the costs.

Be it resolved by the Governing Body of the City of Arma, KS.
